Facts for Families 504 Plans

Definition

A 504 Plan is a legal document that provides accommodations to *regular education* students with special needs in major life activities. The 504 Plan falls under the Rehabilitation Act of 1973, and is a regulation of the United States Department of Health and Human Services, Office for Civil Rights. Some examples of major life activities addressed are: caring for oneself, walking, seeing, hearing, and *learning*. A 504 Plan is **not** an Individualized Education Program (IEP) for Special Education Students. Families may request a 504 Plan for children who, with reasonable accommodation, can be successful in a regular education program. For each case, staff and family at the meeting will need to make a decision about how often to review the 504 Plan and when follow-up meetings should be made.
