

As Honorary Chair of the 2020 Children's Mental Health Matter's! Campaign, I am excited to share artwork from students across the state in the virtual *Celebrating Through Art: The First Lady's Mental Health Awareness Youth Art Display*.

In celebration of Children's Mental Health Awareness Week and Mental Health Awareness Month, this display showcases artwork created by Maryland children and youth expressing something that makes them feel happy, healthy or hopeful. It is shared in partnership with the Maryland Department of Disabilities, the Maryland Department of Health, the Maryland State Department of Education and many other local and statewide supporters.

Please join me in congratulating all of our artists and their beautiful work and thank them for helping to raise awareness of the importance of children's mental health!

Sincerely,
